

NOTICE OF AMENDMENT

Issue 2 of Singapore Air Safety Publication (SASP) Part 11

The SASP Part 11 - Flight Simulation Training Devices has been amended. Issue 2 of SASP Part 11 includes:

- requirements on a user approval in a new chapter for better clarity on the two-stage process viz. flight simulation training devices (FSTD) qualification and approval of use of FSTD for pilot training and testing;
- aligned terminologies to the ICAO Document 9625 – Manual of Criteria for the Qualification of Flight Simulation Training Devices;
- requirements for the FSTD operator to establish and maintain a configuration management system so as to ensure the continued integrity of the FSTD's hardware and software in accordance with the original qualification standard, or as amended or modified;
- requirements for the FSTD operator to seek Director-General of Civil Aviation (DGCA)'s approval when modifying the FSTD for the purpose of achieving a higher qualification level; and
- requirements on Helicopter FSTD.

The SASP Part 11 Issue 2 comes into effect on 1 January 2016.

The SASP Part 11 can be downloaded at our CAAS website at <http://www.caas.gov.sg>
