

THE AVIATION COMMUNITY RAISES FUNDS FOR CHILDREN WITH SPECIAL NEEDS

The Aviation Community Charity Movie Premiere, organised by the Civil Aviation Authority of Singapore (CAAS), brought the aviation community together to raise funds for charities supported by the Community Chest, specifically for children with special needs. This charity drive featured the special screening of the film *Sammy's Adventures: The Secret Passage* at the Shaw Theatres at Bugis Junction on 27 November 2010.

This meaningful event saw our aviation partners contribute generously to successfully raise \$84,500 for the beneficiaries. Some of our charitable donors include aviation companies like Association of Aerospace Industries Singapore (AAIS) and the International Air Transport Association (IATA).

Apart from our donors, children from the Tanjong Pagar Family Service Centre, Care Corner Family Service Centre (Toa Payoh), Care Corner Student Care Centre (Woodlands), Yayasan

Mendaki and METTA Home were also invited to the special screening and presented with treats like popcorn and drinks.

In conjunction with CAAS Christmas Celebration, an appreciation reception for the corporate donors was held on 16 December 2010. Representatives from these generous companies were presented with plaques as a token of appreciation.
