

16 September 2021

CESSATION OF COVID-19 TEMPERATURE SCREENING FOR INBOUND TRAVELLERS

With effect from 2359hrs on 26 September 2021, temperature screening for COVID-19 will be stood down for inbound travellers arriving at Changi and Seletar Airports, in accordance with the Ministry of Health (MOH)'s guidance.

2 Medical teams at the Airports' health screening stations will continue to carry out medical screening and follow up on inbound travellers flagged through the mandatory health declaration or exhibiting Acute Respiratory Infection (ARI) symptoms.

3 Non-COVID-19 temperature screening for Middle East Respiratory Syndrome Coronavirus (MERS-CoV) and other diseases of concern as identified by MOH will continue. Such screening operations will be conducted at the aerobridge for inbound travellers, as needed.
