

**MOU on Strategic Collaboration in
Aviation AI Capability and Talent Development**

This MOU was signed between CAAS, Changi Airport Group (CAG), SATS, Singapore Airlines (SIA) and AI Singapore to signal the intent for the sector to invest in AI and technology to empower the workforce and raise labour productivity, through joint efforts in AI promotion, adoption and talent development in the sector.

2 Under this MOU, CAAS, CAG, SATS, SIA and AI Singapore will collaborate through the following streams:

- a) Establish an Aviation AI Community of Practice to create a formal structure that brings the ecosystem together. This will enable stakeholders to develop AI solutions for aviation use cases and foster greater knowledge sharing and experience exchange, ultimately promoting AI adoption across the sector;
- b) Build up a pool of AI talent within the aviation sector tapping on AI-SG's networks and programmes to develop and upskill in-sector professionals and train new AI talents joining the sector; and
- c) Co-develop an Aviation-focused AI Roadmap to identify shared strategic priorities, key enablers and desired sector-wide outcomes, while allowing individual aviation partners to explore and implement new AI initiatives that align with these priorities and deliver operational value.

About AI Singapore

AI Singapore (AISG) is a national programme launched by the National Research Foundation (NRF), Singapore, to catalyse, synergise and boost Singapore's artificial intelligence (AI) capabilities to power our future digital economy.

AISG will bring together all Singapore-based research institutions and the vibrant ecosystem of AI start-ups and companies developing AI products, to perform use-inspired research, grow the knowledge, create the tools, and develop the talent to power Singapore's AI efforts.

AISG is driven by a government-wide partnership comprising NRF, Smart Nation Group (SNG), Infocomm Media Development Authority (IMDA), Economic Development Board (EDB), Enterprise Singapore (EnterpriseSG), amongst others.
