## Diploma in Civil Aviation Management

This professional diploma combines strategic aviation regulatory elements with operational considerations to address common air transport concerns by sharing international best practices and Singapore's experience. It provides an in-depth understanding of how various components of the civil aviation industry function and integrate.

The programme comprises both compulsory and elective courses offered by SAA:

 Compulsory course  Elective course

This skills-based modular programme provides you the flexibility to select up to 2 compulsory courses and any elective course based on your profession or areas of interest, to fulfil the minimum requirements of 6 weeks.

Programme fee is based on the course selection. Apply online at <https://go.gov.sg/saa-diploma>. Find out more about this diploma at <https://go.gov.sg/dipcam>.
