REVISED WORK ACTIVITIES AREA DUE TO CONSTRUCTION OF NEW AIRCRAFT STANDS AND NEW TAXIWAYS AT WEST CARGO AREA IN SINGAPORE CHANGI AIRPORT

1. INTRODUCTION

1.1. The purpose of this AIP Supplement is to update the work activities at the West Cargo Area in Singapore Changi Airport.

2. UPDATE TO THE LAYOUT OF SINGAPORE CHANGI AIRPORT

2.1. Eight aircraft stands (six Code E aircraft stands and two Multiple Aircraft Receiving Stands) and new taxiways connecting to existing Taxiways WC, W1 and W2 are being constructed at the West Cargo Area to supplement the operational needs of the airport. The construction works are scheduled to be completed by 1559UTC 02 August 2016.

2.2. Extended Taxiway WC and new Taxiway V1 connecting to existing Taxiway W1 have been commissioned.

2.3. Please refer to Appendices 1A and 1B for the revised work activities area.

3. CONCLUSION

3.1. This AIP Supplement supersedes AIP Supplement 333/14 dated 30th October 2014.
