

CAAS Safety Series

Building a strong safety culture with you

CAAS
Civil Aviation Authority of Singapore

presents

Reinforcing Your Understanding of Regulations and Permit Requirements for Unmanned Aircraft Operations

13 October 2016, Singapore Aviation Academy

Since the promulgation of the enhanced regulatory and permit framework for unmanned aircraft operations in Singapore on 1 June 2015, CAAS has received numerous queries and feedback from the industry and the public regarding this framework. With the evolving nature of the unmanned aircraft industry, CAAS is also in the progress of reviewing the framework.

This seminar provides a platform to address queries and feedback on the enhanced regulatory and permit framework, to promote a better understanding of the policies and regulations of unmanned aircraft operations in Singapore. This seminar will also provide a glimpse of the various initiatives aimed at enhancing the regulatory and permit framework.

We look forward to your presence and active participation at this **CAAS Safety Series seminar**.

PROGRAMME HIGHLIGHTS

2.00pm	Registration
2.30pm	Opening Address

Tuesday, 11 October 2016

About the CAAS Safety Series

CAAS seeks to promote a strong safety culture and embed a robust safety framework through greater collaboration and engagement with the aviation community. CAAS therefore launched the CAAS Safety Series since 2011 as a platform for updating the aviation industry on developments in safety policies and regulations as well as addresses any impact of new programmes/changes on the industry. Comprising a mix of monthly talks, workshops or seminars on topical issues related to aviation safety, the CAAS Safety Series seeks to encourage sharing of views and feedback from the industry.
